Muskegon Yacht Club Handicap Racing Fleet Special Conditions

- A **Main and Jib rules** For the Main and Jib [non spinnaker] races, no more than one headsail may be flown at one time, and it may not be set flying. When yachts with headfoil type fore stays change jibs during a race, they must do so as though the sail was hanked on. That is, the first sail must be completely lowered before the second is raised. The same halyard must be used for both sails. Spinnaker/whisker poles may be no longer than the "J" measurement. Must be attached or held to the mast during use, and may be carried only on the side opposite the boom.
- B **Lake Michigan Destination and Return Races** When there is no turning mark at the halfway point of a destination and return race, yachts shall turn to seaward within 100 yards of a pier or the shore if the reference point is a landmark.
- C **Change of ownership** The changing of yachts by an owner/skipper in

mid-series shall be permitted only if the change represents a permanent change from one yacht to another. At such times the scores of both yachts may be used toward series totals except in cases where the new yacht is in a different division or class.

- D **Handicap Ratings** Each yacht will have a current PHRF certificate or a current One Design Class Certificate. Each skipper will provide copy when submitting division dues. In the event a skipper is unable to obtain a rating through no fault of their own or only wish to race in one race during the season, they may be allowed to race with an assigned rating upon the approval of the HRF chairman or the approval of the MYC Race Committee chairman. The assigned handicap will carry a six second penalty. Yachts using such assigned ratings will be eligible to win trophies/flags for an individual race, but not for a series. Once an assigned-rating yacht receives a current rating, her finishes in previous races will be re-calculated, but she need not forfeit any trophies/flags already awarded. The race committee may waive the six second per mile penalty for boats which do not normally race in the MYC PHRF events.
- E **Government Marks** All government navigation marks will be honored and passed on the correct side.
- F **Multiple Starts** In any multiple division single race, the starting order of the classes will be determined by the race committee and will be signaled by the appropriate class flag displayed during the start sequence.
- G **Trash, Garbage** Discarding trash, garbage or other debris into the water shall result in disqualification from the race.
- H **Non- racing Vessels** Racing yachts shall observe Great Lakes Rules of the Road which require avoidance of commercial vessels underway.
